简介

骑河乐器创建于 1985 年，专业制作小提琴弓，中提琴弓，大提琴弓，低音贝司琴弓及各种琴弓附件。我们不仅为初学者提供学习用弓，还为专业提琴老师及演奏家提供专业用弓。我们在保持传统木质琴弓的同时还研究制作新颖材料的碳素纤维弓。在近 40 年的磨砺中，我们一直以欧美琴弓为典范，在不断探索与研究融入自己的设计与创新。

现在的骑河乐器，无论是在木材储备还是制作工艺上都已逐步走向成熟。我们拥有近千平方米的仓库，储备了近 100 万支巴西木材料和近 10 万支巴西苏木木材。木材经过人工高温处理和长久的自然干燥。我们始终把每一把琴弓当作一件艺术品，以手工制作为主，机器制作为辅相结合的方式来完成它。

我们拥有一支精湛的技术团队，制弓经验从 15 年 -40 年。我们所制作的琴弓做工精细，音质纯正，张力强大，富于表现力，精良的制作已成为国内同行业的标尺，同时也得到国际专业人士的青睐与好评！

About us

Established in 1985, Qihe Musical Instruments has been specializing in the meticulous creation of violin bows, viola bows, cello bows, bass bows, and a variety of bow accessories. Our offerings extend beyond novice-friendly learning bows, encompassing expertly crafted professional-grade bows tailored to violin teachers and performers alike.

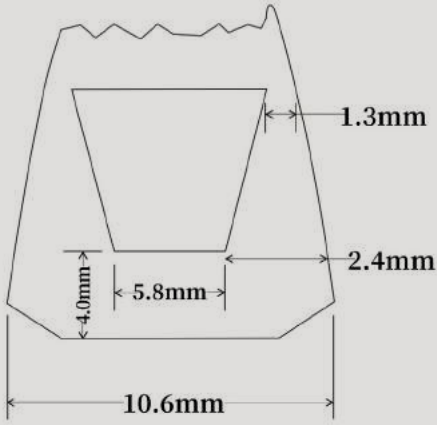

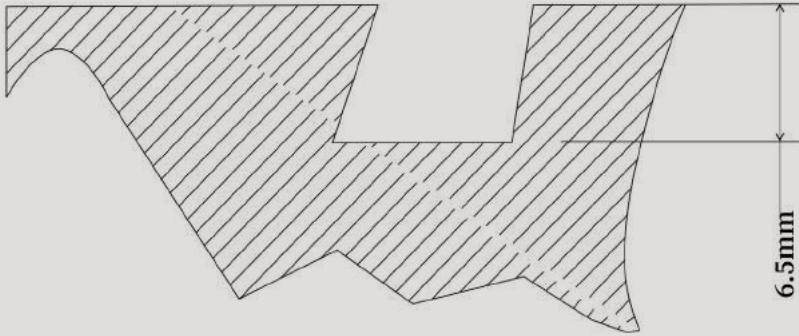

What We Do

Over the course of nearly 40 years, we have steadfastly upheld the legacy of traditional European craftsmanship while concurrently embarking on a continual journey of exploration and research. This dynamic approach has culminated in the creation of our distinct proprietary designs and innovations. While remaining faithful to the heritage of wooden bows, our dedication extends to the realm of advanced materials, as evidenced by our involvement in the study and creation of revolutionary carbon fiber bows.

Presently, Qihe Musical Instruments has achieved a level of maturity in both wood selection and production techniques. Our warehouse spans almost 1,000 square meters, housing around 1 million pieces of Brazilian wood materials and an estimated 100,000 pieces of Pernambuco wood. Through meticulous artificial high-temperature treatment and extended natural drying, our wood ensures bows possess greater tension, improved elasticity, and minimized deformation. Every bow is treated as a piece of art, primarily crafted by hand while utilizing machinery in a supplementary role. Our team comprises skilled experts with bow-making experience ranging from 15 to 40 years. The bows we create exhibit intricate workmanship, authentic sound quality, robust tension, and remarkable expressiveness. Our exceptional craftsmanship sets the standard in China's industry and has garnered recognition and praise from international experts.
